

Encapsulated Busbar

- Fork type to allow fully a secure cable termination
- Encapsulated both ends
- Maximum efficiency and compact design
- High stability and strength
- Single, Double and Three pole options
- Various length options

Technical Data

Electrical:

Rated current (continuous)	80A
Short circuit strength	25kA
Rated frequency	50/60 Hz
Rated Voltage	240V / 415V

Mechanical:

Service condition	Indoor
Degree of protection	IP20 with devices and blanks engaged
Terminal type	Fork
CSA	16mm ² Cu

Dimensions:

Terminal Pitch	18mm
Height (encapsulate section)	10mm
