Defender 2 Consumer Unit for EV Charging

- + Type 2 Compact SPD
- + Type A Bi-Directional RCBO
- + B or C Curve RCBO options
- + Defender 2 enclosure

**The smart, compact solution
for domestic EV charging.**

Our new Defender 2 EV Charging Consumer Units provide a complete, ready-to-install solution for managing the electrical supply to your home charger. Combining our award-winning, compact Defender 2 enclosure with a Type 2 compact SPD and Type A Bi-Directional RCBO, each unit has everything needed to help protect and manage your EV charging installation.
